A glance at FILTRATION & SEPARATION ASIA

Filtration & Separation Asia (FSA) combined with China International Filtration & Separation Exhibition is the leading filtration & separation topic event in Asia region. The every-2-year event is aim to provide a trade and technical communication platform between exhibitors and trade visitors, where the up-to-edge filtration technologies, technical solutions and know-hows can be found and discussed.

The exhibits category covers Fibers, Filter media, Filter media production lines, Filters, Filter accessories, Filters production lines, Separation equipment Testing & analysis equipment.

During the exhibition, a series of concurrent events will be held, including fundamental training course, technology workshops, and industry summit about the industrial trends, marketing insights, and new technologies.

162

EXHIBITOR SUMMARY

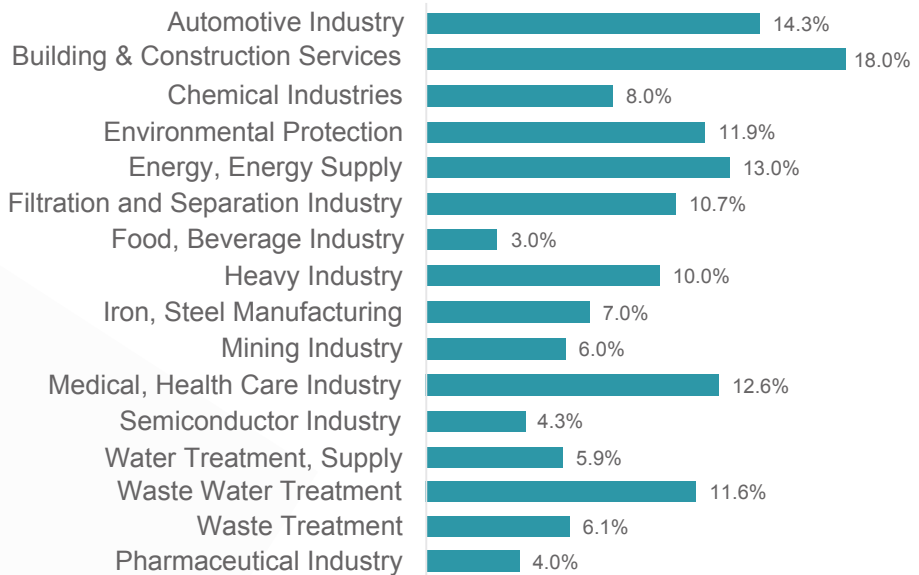

162 exhibitors from 12 countries and regions
10,000m² exhibition space
22.9% overseas exhibitors (base on exhibitor numbers)

7,462

TRADE VISITOR SUMMARY

7,462 trade visitors
7,225 China domestic trade visitors (96.2% of total)
International visitors came from: South Korea, Japan,
Taiwan, India etc.

Visitors industry breakdown (multiple choice)

▶ KEY FIGURES OF FSA2018

200

200 exhibitors
11,000m² exhibition space

*It is expected to reach around 200 exhibitors from 15 countries and regions.
The total exhibition space is expected to reach 11,000 m².*

10,000

10,000 trade visitors

According to FSA2016's visitor data, the top 3 visitor job functions are: Management, R&D and Purchasing.

Target visitors industry

Automotive industry

Chemical industry

Energy plants

Environment protection

Food & beverage

Heavy industry

HVAC industry

Water treatment

Concurrent events

FILTREX® ASIA

11 editions of FILTREX®, a conference and exhibition dedicated to the promotion of nonwoven filter media, has been held so far: 6 times in Europe, 1 time in Hong-Kong, 1 time in Korea and three times in India. For the 2018 edition, FILTREX® Asia will be co-organized by the China Filtration Society (CFS), China Nonwovens Technology Association (CNTA) and UBM China, together with EDANA.

Filtration & Separation Training Course

Organized by China Filtration Society (CFS), the Training Course aims to provide advanced filtration and separation knowledge to those who may concern about the filtration & separation technology and solutions. The training is a one-day course with the content covering Filter Media, Air Filtration, Liquid Filtration, Nanofibers, Filtration & Separation Machineries.

Exhibits category

Filter Media

by media

Activated Carbon
Ceramic
Membrane
Paper Media
Nonwovens
Meltblown
Spunbonded
Spunlaced

Porous Filter Media
Nano Media
Wire / Woven
Meshes
Technical Textiles
Synthetic Fiber Media

by function

Air Filter Media
Filter Media for Gases
Filter Media for Liquids
Oil Filter Media
Glass Fibre Media
Liquid Filter Media
Fuel Filter Media

Filter Media Production Machinery

Activated Carbon Plant
Membrane Manufacturing
Paper Machinery
Special Machinery Textile Industry

Raw Materials

Fibers	Adhesives
Synthetic Fiber	Additives
Nano Fiber	Others

Filters

HEPA Filters	Laboratory Filters
Dust/Mist Filters	Medical Filters
Gas Filters	Automotive Filters
Hot-Gas Filters	Filter Accessories
Oil Filters	Air Filters
Water Filters	Bacteriological Filters

Filters Production Lines

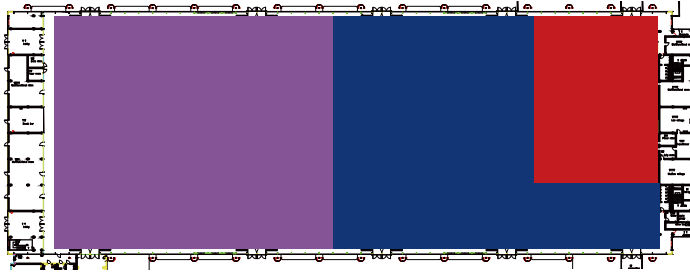

Cabin Air Filter Production Line	Cutting Systems
Filter Seaming Machines	Machinery for Assembly
Filter Tube Making Machines	Slitter
Panel Filter Lines	Sewing Units
Pleating Machines	Perforation Presses
Adhesive Dispensers	

Testing Equipment

Air Filter Testing	Oil- & Fuel Filter Testing
HEPA & ULPA Filter Testing	Water Filter Testing
HEPA&ULPA Filter Testing	Filter Media Testing
Fuel Filter Testing	

Stand rates

- PLATINUM AREA
- GOLD AREA
- SILVER AREA

Space only booth
(minimum 27 m²)

- PLATINUM AREA: 290.- USD per m²
- GOLD AREA: 220.- USD per m²
- SILVER AREA: 135.- USD per m²

Shell scheme booth
(minimum 12 m²)

Type A
(Max height: 3.5 M)
65.- USD per m²

Each 12 m² booth includes:

- Information counter X1
- Black leather chair X4
- Waste paper basket X1
- Round table X1
- Rack X1
- Storage room x1 (1m *1m)
- Spotlight 100W X4
- Socket 500W X1
- Light box fascia board

Type B
(Max height: 3.5 M)
50.- USD per m²

Each 12 m² booth includes:

- Information counter X1
- Black leather chair X4
- Waste paper basket X1
- Round table X1
- Storage room x1 (1m *1m)
- Spotlight 100W X4
- Socket 500W X1

Type C
(Max height: 2.5 M)
45.- USD per m²

Each 12 m² booth includes:

- Information counter X1
- White fold chair X4
- Waste paper basket X1
- Round table X1
- Spotlight 100W X4
- Socket 500W X1

Co-exhibitor fee: 300.- USD each
